Summary / Description

The Manta 40 is a solidly built catamaran with integral keels and water tight collision bulkheads, designed from the ground up for couples and single hand cruisers. "Steal Breeze" has been updated with an exceptional amount of cruising gear in recent years and has proven herself with more than a decade of Caribbean cruising under her keels. She is ready and waiting for her next adventure. She is presently on land and her bottom has just been painted, topsides waxed and deck cleaned so she is ready for the 2025 season.
