Outboard	Outboard
125.00 HP	125.00 HP
Fuel: Diesel	Fuel: Diesel
Location:	Location:
	Port
Generator 1 KW hrs	Generator 2 KW hrs

## Summary / Description

Originally built and delivered in 2001 as "Double Trouble", MerSea has crossed the Atlantic with the ARC Rally, cruised the Caribbean, and spent years based in Florida. She was acquired by her current owners in 2021, returned to Canet-en-Roussillon, and underwent an extensive refit over the course of three years. After sailing in the Mediterranean and crossing the Atlantic early 2025, the current owners intended on spending at least another year sailing the Caribbean. However, for personal reasons, they recently made the difficult decision to sell what they consider their "perfect boat."

This is a rare, highly capable performance cruising catamaran, refitted to an exceptional standard with a focus on quality and reliability. MerSea is fully equipped and ready for extended bluewater cruising. MerSea is currently available for viewing in St. Vincent and the Grenadines or Martinique.
