Generator 2 KW hrs

## Summary / Description

**Never Chartered**

**1230 AH Lithium Batteries**

**4 - BlueSun 460W Half-Cell Bifacial Solar Panels (Silver) | Up to 575W with Bifacial Gain - Total 1840W and up to 2300W with Bifacial gain**

**New Victron Charger/Inverter**

**New Custom Arch**

**Hardtop**

**MaxProp Feathering Props**

**Electric Winch at Helm**

**Primary and Secondary Winches at Helm for Easy Single Handing**

The Morrelli & Melvin designed Leopard 40 was a big step forward from its predecessor, the Leopard 38. In addition to adding two feet in length, they were able to reduce her displacement by 4,000 pounds without compromising structural integrity or stiffness. She performs quite well under sail and points higher than most cruising catamarans.

Thanks to a well-designed helm, *Jedicco* is easy to single hand. The main sheet and genoa sheets are led to the helm and both the primary and secondary winches are within close reach of the helmsman—even when seated. One of the winches is electric making shorthanded sailing even easier.

*Jedicco* features a hard top bimini and a one-level cockpit with comfortable seating. She has 4 cabins and 2 heads with separate showers. Her forward cabins have access to additional berths in the forepeaks. She has a new arch, Lithium batteries and solar.

**The galley is superb and well-appointed, and the salon is a great area for entertaining or**

relaxation.

**Jedicco** has been very successful in multiple Harvest Moon Regattas.
