Generator 1 KW hrs	Generator 2 KW hrs

Summary / Description

Brokers Comments about Lagoon 500 AZURIA

I've known *Azuria* for over a decade and have always been impressed by the exceptional way she's been presented and operated in the charter market. I had the pleasure of knowing her previous crew personally, true professionals who were highly respected throughout the industry. The current crew had big shoes to fill, and I'm pleased to say they've risen to the occasion, maintaining *Azuria* in absolutely immaculate condition. She continues to set a benchmark for quality and consistency in the fleet.

WHY LAGOON 500?

Lagoon 500 *Azuria* is more than just a boat, she's a floating business, a luxury retreat, and a top-tier sailing machine. Whether you're looking to own a piece of the Caribbean lifestyle, capitalize on strong charter revenue, or enjoy both, ***Azuria* is ready.**

WHO HAS BEEN MAINTAINING THIS LAGOON 500?

Azuria has been professionally maintained by Tim Dabbs at Marine Maintenance Services who has done a vast majority of the work on *Azuria* since December 2018. Tim and his team know every inch of *Azuria* inside and out. We will also use Parts & Power on Tortola for engine, generator, air-con and refrigeration work depending on the service required along with Wickhams Cay II Rigging on Tortola for rigging and Doyle Caribbean on Tortola for sails, exterior cushions and isinglass along with Cay Electronics on Tortola who installed new AXIOM Pro 12S Charter Plotters (salon and helm) and mast spreader lights. That said, Capt. Luke is exceptionally talented at sourcing and fixing any immediate minor issues that may arise. He is also RYA Diesel Engine Maintenance Certified.

WHO DID THE LAST RIGGING WORK?

Wickhams Cay II Rigging on Tortola performed a full rigging inspection and repair project. Please see the attached major rigging work completed in November 2023.

INFORMATION ON LAGOON 500 SAILS

The mainsail and genoa were upgraded in 2019. A new Harken winch motor, Prof-url C520 jib and

reefing unit and headstay were upgraded in July 2023.

Here are the details about the sails:

Mainsail - Doyle Durasail Plus Mainsail - 1033 square feet, Dimension-Polyant 448 SF Dacron with UVi Technology to extend the life in UV, 3 reefs, 5 full batten pockets, and stitch protection coating over all of the stitching to protect it from chafe and UV. Genoa - Doyle Durasail Plus Genoa - 729 square feet, Dimension-Polyant 448 SF Dacron with UVi Technology to extend the life in UV, Taupe Sunbrella acrylic sunshield

on leech and foot, rope luff pad to help flatten your sail when partially rolled, and stitch protection coating over all the stitching to protect it from chafe and UV.
