Summary / Description

Step aboard Valentina, a beautifully maintained Lagoon catamaran, lightly chartered over the past two years by her non-smoking live-aboard owners. This 62' vessel, thoughtfully refit in 2021, 2023, and 2024, combines comfort with high performance ideal for leisure cruising, profitable charters, or offshore voyages.

Valentina features a down-galley, owners cabin layout with four spacious cabins: a master suite with an independent battery-powered A/C unit, two VIP queen cabins, and a cozy double bunk cabin, along with separate crew quarters. Each has a private ensuite with an electric freshwater toilet and a separate shower. Air-conditioned throughout, Valentina offers an ideal space for families or groups, managed comfortably by a couple or crew.

Valentina is built for off-grid living, with ample solar, a lithium battery bank, Starlink Marine Worldwide WiFi, and a robust new ground tackle system. Multiple refrigerators, freezers, and icemakers ensure fresh provisions for extended stays in remote anchorages. Her top-of-the-line Garmin electronics were added in 2021, and a custom hardtop with CrystalClear enclosure enhances comfort on the flybridge.

Recent upgrades include new solar, lithium batteries, a new watermaker, all-new appliances, a refit galley, and new cabin windows, hatches, and shades!

Valentina's ample social spaces include a spacious salon, alfresco dining area, cushioned flybridge seating, forward trampolines, and a peaceful lower deck lounge. Whether enjoying cocktails at sunset or relaxing in a private nook, she offers the perfect blend of gathering spots and relaxation zones.

Valentina promises an unparalleled experience on the water whether you envision world cruising, hosting unforgettable charters, or creating cherished memories with family and friends. This exceptional catamaran is fully outfitted and ready to welcome her new owners on the voyage of a lifetime.

Don't miss your chance to own this remarkable vessel; Valentina is ready to take you wherever your dreams may lead.
