Summary / Description

Step aboard the Horizon PC74, where luxury meets performance in a beautifully designed power catamaran. With twin CAT C18 ACERT engines delivering 1,136 horsepower each, this yacht cruises comfortably at 18 knots and can reach a top speed of 22 knots, making island hopping effortless. Its impressive 28'4" beam creates an open and inviting main deck, featuring a spacious salon, gourmet galley, and an on-deck master stateroom—all designed with modern elegance by J.C. Espinosa. This one-of-a-kind Horizon PC is the largest in the fleet, making her stand out anywhere she goes.

Below deck, four well-appointed staterooms each offer a king-sized bed and en-suite bath, ensuring top-tier comfort for owners and guests alike. The open-air flybridge is the perfect gathering space, complete with air-conditioning, a full-service bar, BBQ, and plenty of seating for entertaining. For water lovers, the yacht is equipped with dual swim platforms, a Hi/Lo swim platform, and storage for up to 12 dive tanks. Whether you're chasing adventure or pure relaxation, the Horizon PC74 is ready to take you there in style.

This yacht has been an extremely successful charter vessel and the buyer will inherit the existing bookings and client base.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by The Powercat Company. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
