## Summary / Description

2019 Nautitech 40 Open | Florix II

Designed for speed, style, comfort and safety, *Florix II* is perfect for those who desire both adventure and comfort at sea. Whether you're planning an extended voyage or weekend getaways, this well-maintained catamaran is ready to untie and set sail.

This award-winning design by Marc Lombard is renowned for its comfort and practicality, while offering optimal manoeuvrability at the dual helm stations, whether you are an experienced skipper or a novice sailor.

The elegant and spacious saloon and well-equipped galley offer all the amenities needed for a comfortable liveaboard experience. The large cockpit provides the perfect space for entertaining. The four large double cabins are filled with natural light and offer ample storage space for all the essentials.

The 'Open' in Open 40 refers to the feeling of open plan living space achieved by the deck, cockpit and saloon connecting seamlessly all on the same level.

With a modern slimline hull shape, a low displacement construction, and upgraded two-blade folding props, *Florix II's* sailing performance reaches a level usually only achieved by daggerboard catamarans.

The Nautitech Open 40's closed-cell foam construction makes the hull very resistant to impact and water absorption. It also features solid composite bilges, sacrificial keels, and a series of strategically placed watertight bulkheads, making it one of the safest offshore cruising catamarans on the market.

There is also a full suite of electronics, including chart plotters, AIS and radar and a watermaker. *Florix II* is fully equipped and ready to go.

*VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by THE YACHT SALES CO.. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel*
