## Summary / Description

### Catamaran Bali 40 Catspace for sale

**Available in a Boutique Captain Only charter operation. Full details on Request!** The CATSPACE is a 40-foot catamaran that combines all the innovations expected from a BALI. Her inverted bows, a signature element of models in the BALI range, offer a pronounced design. The integral deck allows for fluid circulation between the various spaces and ease of moving around while underway. The “BALI door” amplifies the living space of the saloon-cockpit area. Thanks to the large windows, the interior is bathed in light. BALI CATAMARANS offers an innovative and unique concept in response to new boating styles. BALI Catamarans embody openness and the new art of living. Open-mindedness, openness to life, openness to the sea and to nature, openness to others. The famous tilting “BALI door”, the rigid foredeck platform, the immediate access to the cockpit, the layout of the living spaces from the galley to the cabins, all provide unequalled comfort and living spaces.

The large windows, the platforms and lounges, the wide aft bench seats, and the flybridges offer exceptional panoramas. With friends, family or as a couple, you can share the pleasures and activities of the sea, enjoy the anchorages and the sailing, recharge your batteries and connect with one another. Everyone invents their way of living, their new art of living, aboard Bali Catamarans.
