Summary / Description

2022 Catathai 40/43 Grand Voyage | *Ilrea*

Ilrea is a fully equipped - nothing more to spend - near new, three-cabin sailing catamaran that is now available in one of the best cruising grounds in the world.

She is the factory extended 43-foot version of the Catathai 40 Grand Voyage and was designed by the eminent French team Jean & Frasca Design.

Ilrea's spacious saloon and galley are seamlessly integrated, with the large covered cockpit all on the same level, and boasting almost 360-degree views throughout. There is plenty of room for entertaining both inside and out.

Fitted with simple sailing systems and sheets that all lead back to the elevated helm with bimini, she is an uncomplicated pleasure to sail. Inside, the navigation desk commands a great view forward and is conveniently located just a step away from the owner's suite.

Flat decks mean easy movement around the yacht with easy access to the trampolines for maximum enjoyment and multiple seating areas in the cockpit under the hard top.

At just 6 tonnes with a main and headsail area of 101 sqm, this sleek cat is capable of upwind cruising above wind speed, and even better off the breeze with the 80 sqm gennaker up.

The owner has enjoyed *Ilrea* since he finally launched her in 2022 following Covid delays, and is now ready to pass her on to the next fast cruiser. He spent many months between her build and launch enhancing many of her systems, so she is a very well sorted and debugged vessel in near new condition.

She was antifouled and her two engines (with only 380 hours each) were serviced in December 2023 - so she is absolutely ready to go.

Currently for sale in Phuket with shipping to anywhere available, please contact the Multihull Solutions Asia office to arrange an inspection or for more details. See below to download her inventory and watch a walk around video.
