Fuel: Diesel	Fuel: Diesel
Location:	Location:
Generator 1 KW hrs	Generator 2 KW hrs

Summary / Description

2022 Outremer 55 | *Jolie*

Launched in October 2022, *Jolie* represents the pinnacle of bluewater cruising, combining Outremer's renowned build quality with exceptional design for liveaboard sailors who demand safety, comfort, and outstanding performance. After two unforgettable Mediterranean seasons, her dedicated owners are now offering the opportunity for new custodians to experience all that *Jolie* has to offer.

The Outremer 55 is celebrated as one of the finest long-range cruising catamarans ever built, and *Jolie* is an outstanding example. Her spacious open-plan saloon and cockpit create a grand living space, featuring real cork teak underfoot for a luxurious feel that remains cool in the heat. Her elegant warm finishes, carbon upgrades, and natural tones make her equally suited for serious ocean passages or relaxed coastal cruising.

Below deck, the full owner's hull delivers luxury and privacy, while two generous guest cabins to port are flooded with natural light. High-powered air-conditioning throughout ensures year-round comfort. Both saloon and cockpit tables convert to additional berths, offering versatility to host up to eight guests in comfort.

Performance is equally impressive. A carbon mast and boom, carbon-fortified steering system by Jefa, and a powerful Incidence sail wardrobe—including two asymmetric spinnakers, gennaker, and storm sail—ensure thrilling, yet manageable sailing. Twin Volvo Penta D2-60 engines, ultra-efficient at just 2.3L/hour at cruising speed, and folding props complete the performance package, complemented by a lithium battery bank and 2,200W of solar.

Thoughtfully optimised for liveaboard life, *Jolie* boasts vast storage, cavernous forepeaks, electric winches, and dual B&G helm pods for total control. Numerous owner upgrades, from carbon-reinforced sliding doors to custom sun awnings, reflect meticulous care.

Jolie is offered with high-quality linens, crockery, and full inventory, ready for immediate cruising. Current leasing options may facilitate a no-VAT transaction for non-European buyers.

Located in prestigious Porto Montenegro, the world's only Platinum-status marina, *Jolie* is available for

immediate inspection.
