Generator 1 KW hrs	Generator 2 KW hrs

Summary / Description

2023 Sunreef P60 / Saraya

Saraya is a true gem and presents as new, with a level of refinement and equipment on board that is simply unrivalled on a yacht of this size and calibre.

The P60 is an acclaimed long range power catamaran built by Sunreef yard and Saraya's layout is the generous 4 staterooms version, each with its own ensuite + 2 crew cabins.

The majestic one space composed by the saloon and cockpit offers more comfort and better volumes than many 5-star homes and can be transformed by sliding the 4-panel glass doors in the cockpit transforms the space in seconds.

The large 42 sqm flybridge has also been fully customised, cleverly positioning the helm station on starboard side, leaving ample space for a welcoming bar and a large dining table sitting 12 guests comfortably.

But what really sets Saraya apart is the level of attention to details that her current owners displayed to make her the perfect home away from home.

With her warm and natural tones, this boat is made for those who truly appreciate and value beauty at sea, strong aesthetic and unrivalled comfort.

Exquisite craftsmanship is omnipresent on board. All her fittings are bespoke, with sintered quartz tops and floors, Minotti leathers, Flexform furniture and lightning by Christopher Boots adorn her couture-style impeccable interior.

But make no mistake, Saraya has transoceanic capabilities and so much more to show than perfect lines and Italian style aesthetics. Powered by two reliable MAN i6-850 engines, the robust and reliable

seaworthiness of the yacht will equally impress. Last summer, the yacht was at sea in challenging 60knots wind conditions and since then, her captain keeps singing the yacht's praise on all pontoon of the Adriatic.

With two well-appointed crew cabins both with aircon and a fully equipped Miele professional kitchen, everything is ready to start entertaining family or guests and feel just like home everywhere you travel. At the bow, the sunk-in terrace can be fully shaded for hottest days while at the aft, the extra-large hydraulic platform may well become your favourite spot for sunning and enjoying water sports. When unused, the platform also turns into the cradle for the Williams awesome jet tender.

Presently located in the very heart of the Mediterranean, Saraya can be inspected in PortoMontenegro, the one and only platinum marina in the world.

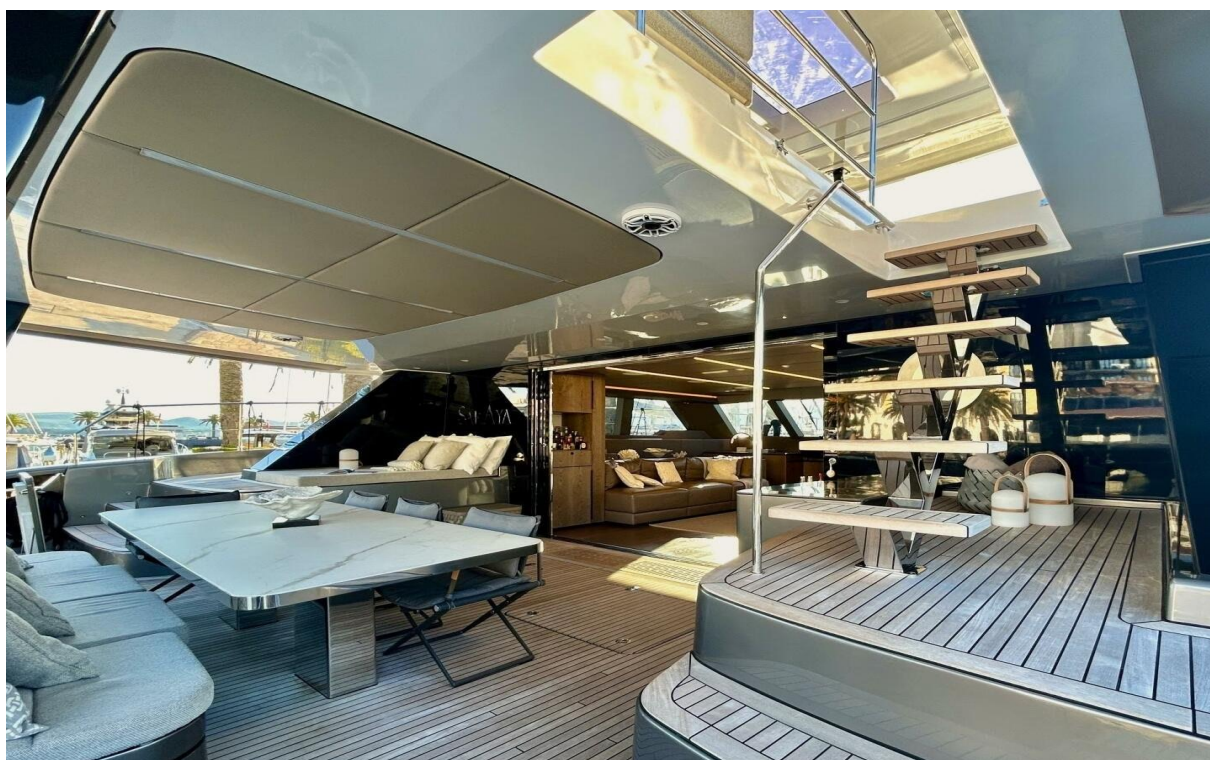

To enquire about this very unique and impressive yacht, please contact our team in the Mediterranean to schedule an inspection in-person. There are no two-yachts like Saraya.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by THE YACHT SALES CO.. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
