## Summary / Description

Powered by Yanmar 80hp engines with folding props, as you would expect from a demo yacht all the options have been fitted: upgraded Raymarine electronics, the elegance package, air conditioning, a generator, composite flybridge bimini, and the tender-lift platform, among other premium features.

Extended transoms offer effortless access to the dock and the wáter, integrating to a beach deck with the hi-low tender platform on one level. The mast is forward, ensuring the salon is uncluttered, separated from the voluminous galley and throughfare area.

This is an opportunity to get afloat immediately in a high specification, "as new" yacht with full warranty support.
