Summary / Description

55 FT POWERCAT PILAR X, Performance that thrills!

Powered by four 300 hp Suzuki outboard engines, this vessel redefines the future of pleasure catamarans.

Pilar X is purpose-built for the island life, perfect for the Bahamas, Caribbean, or anywhere shallow water navigation is a must. She glides into lagoons, beach bars, and any hidden coves where most Yachts do not go, and she does it with style.

From the moment you open up the throttles on the four outboards, the difference is undeniable.

The **Pilar X** surges forward, reaching 27 knots in just over a minute. There is no industrial hum of a typical diesel engine. She is powerful, responsive, and whisper-quiet. With smart space and smart engineering, and no diesel inboards, the interior space is liberated, allowing for advanced comfort, storage, and liveaboard usability.

Maintenance is a dream, with no complex engine rooms to crawl through; outboards are accessible, removable, and replaceable with ease.

Cost-effective and practical, this power cat can be serviced on a slipway or beach. Float her in at high tide, clean her at low tide, and she's back in Action with zero yard time and no expensive haul-outs.

She's a captain's dream set-up - fast, efficient, and hassle-free.

CURRENT QUOTE TO SHIP FROM CAPE TOWN TO THE USA IS \$75,000.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by United Yacht Sales. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
