Summary / Description

MOTIVATED SELLER

MAKE OFFER

Two bedroom – 2 bathrooms – fully solar electric

WOW!! An on-water experience like no other! Imagine the tranquility of a completely stable platform that can mobilize and relocate to your own private oasis! The possibilities are limitless. The views are endless! At last, a fully stabilized, self-leveling yacht like no other! There will be no seasickness aboard this yacht, no rocking and no rolling! This is a yacht with four retractable pilings/spuds (Yes, it has “legs”!) This fully electric custom motor-catamaran offers an unparalleled on-water experience. Arriving on location, the spuds are deployed to raise the hull above the surface of the water and create a completely stable entertainment platform rated for for 40 passengers.

This American yacht manufacturer first amazed the world with a fully custom 75’ electric houseboat which led to the development of the current 47’ model.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by United Yacht Sales. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
