Queen Berths:	Air Conditioning:	
King Berths:	Bridge Clearance:	
Heads:	Max Passengers:	

## Engines / Generators

Engine 1	Engine 2
Yanmar	Yanmar
Inboard	
45.00 HP	45.00 HP
Fuel: Diesel	Fuel: Diesel
Location:	Location:
Generator 1 KW hrs	Generator 2 KW hrs

## Summary / Description

### Bali 4.6

The BALI 4.5 was the first model of the BALI Catamarans range; a revolution that upended the rules to set new benchmarks in terms of design, technology, safety and comfort applied to pleasure boating. The new BALI 4.6 synthesizes all the latest developments in the range. Take advantage of purchasing a charter-ready catamaran with **100 % Bonus depreciation benefits**—a smart move for U.S. buyers looking for tax advantages. This vessel is delivered in the British Virgin Islands, with no import duty, making ownership and charter setup seamless and cost-effective. The BALI 4.6 is recognizable at first glance thanks to the new design of her hulls with thin and straight bows and her new very elegant lines signed Xavier Fay. The BALI 4.6 benefits from all the innovations signed by Catana Group which are the DNA of the BALI: the rigid forward cockpit with lounge area and sunbathing areas, the platform connecting the transoms with large bench seat and lockers, the large tilt-and-tilt door and side sliding bays, a helm station with a panoramic relaxation area on the coachroof accessible from both sides, a simple and very practical davit system without forgetting the interior access door to the forward cockpit. And of course, the safety and performance you would expect from a CATANA design! **WHERE THE INSIDE MEETS THE OUTSIDE** Taking you in a flash from sailing mode to lounge mode, the BALI 4.6 gives you a flush decked area entirely free of bulkheads which is accessed via an immense folding door in the rear (BALI door) and through a watertight door at the front. of bulkheads which is accessed via an immense folding door in the rear (BALI door) and through a watertight door at the front. Each space is an invitation to idleness and relaxation. Whether in the forward cockpit or on the flybridge, you have the choice between sunbathing or deck saloon alone or with your friends. BALI Catamarans offer the largest useful surfaces in their categories. **BE ON BOARD JUST LIKE AT HOME** Even completely open-plan, each interior space is perfectly defined. The large "L" shaped kitchen, the maxi saloon/lounge for 10 to 12 guests and the large chart table are models of ergonomics and comfort. The decoration is warm and refined. A totally open space bathed in light with panoramic sea views! **A PRIVATE AREA** Designed for comfort and privacy, the cabins are stylishly decorated with modern and purified materials and all have their own bathroom with shower and toilet. The rear or midships cabins have independent access through the aft cockpit.
