Engine 2

Inboard  
30.00 HP  
Fuel: Diesel  
Location:

30.00 HP  
Fuel: Diesel  
Location:

Generator 1 KW hrs

Generator 2 KW hrs

## Summary / Description

### Discover the Bali Catsmart – Where Innovation Meets Comfort on the Water

Step aboard the Bali Catsmart. Designed for sailors who crave comfort, performance, and intelligent use of space. At 38 feet, this compact catamaran brings together the signature “Open Space” concept with smart innovations that redefine what’s possible in a smaller footprint. The Catsmart is the only model in the Bali range with twin aft helm stations rather than the signature flybridge found on other Bali models. **Take advantage of purchasing a charter-ready catamaran with 100 % Bonus depreciation benefits**—a smart move for U.S. buyers looking for tax advantages. This vessel is delivered in the British Virgin Islands, with **no import duty** payable, making ownership and charter setup seamless and cost-effective

### Bali Catsmart Key Features:

- Seamless Indoor-Outdoor Living: Thanks to Bali’s iconic rigid forward cockpit and tilting “garage” saloon door, enjoy uninterrupted flow from bow to stern, bathing the interior in natural light and ocean breeze.
- Exceptional Space Efficiency: With two helm stations, a panoramic galley, and expansive lounge areas, the Catsmart delivers big-boat living in a nimble, easy-to-handle package.
- Two, Three or Four-Cabin Layouts: Ideal for private cruising or charter, the Catsmart offers flexible accommodations with plenty of storage, stylish finishes, and en-suite options.
- Twin Helm Stations: Allow for a lower boom and increased sail area. Whether island-hopping in the Caribbean or cruising the Med, the lightweight design and generous sail plan ensure responsive handling and sailing pleasure. Perfect for couples, families, or charter operators, the Bali Catsmart combines the luxury of a larger yacht with the agility and manageability of a compact multihull. Designed for those who won’t compromise on comfort, space, or innovation. Your adventure starts here. Sail smarter with the Bali Catsmart.
