Welcome to Sunpower Yachts: Leading the World's Largest Solar Electric Yacht Fleet. Sunpower Yachts has proudly emerged as the global leader in solar electric yachting. With the world's largest fleet of innovative, eco-friendly vessels, we're setting the standard for sustainable luxury on the water. Our yachts combine cutting-edge solar technology with exceptional design, offering a seamless blend of performance, elegance, and environmental responsibility. Discover the future of yachting with Sunpower Yachts—where adventure meets sustainability.

Sunpower Solar-e 44 – The Future of Luxury, Powered by the Sun

Step aboard the Sunpower 44, a next-generation solar electric catamaran that brings the promise of sustainable yachting to a more agile, owner-friendly size — without compromising on luxury, comfort, or innovation. Thoughtfully engineered for explorers who value performance and eco-conscious cruising, the Sunpower 44 is your gateway to silent, zero-emission adventures on the water.

Every curve and contour of this 44-foot vessel is optimized for efficiency, functionality, and refined aesthetics. With a streamlined profile and intelligent solar integration, the Sunpower 44 delivers smooth, whisper-quiet cruising, powered entirely by the sun and supported by a state-of-the-art electric propulsion system.

Inside, the saloon offers a bright and welcoming layout that flows naturally into the aft cockpit — creating the perfect space for relaxing, dining, or socializing. Large windows and thoughtfully placed skylights

bring the outside in, while customizable interiors allow you to personalize your onboard lifestyle, whether you're cruising coastal waters, hosting sunset gatherings, or embarking on weekend getaways.

The flybridge on the Sunpower 44 is a signature space — compact yet luxurious, it can feature a lounge area, helm station, and sunpads for soaking in panoramic views. Forward, a well-appointed bow lounge provides a peaceful retreat for sunbathing, reading, or enjoying the rhythm of the sea. A rear swim platform ensures effortless access to the water — ideal for swimming, paddleboarding, or launching a tender.

Efficient, quiet, and nearly maintenance-free, the Sunpower 44 allows you to experience the world with unmatched freedom and minimal impact. Cruise remote destinations, discover hidden coves, and enjoy the serenity of solar-powered travel — all without the need for fuel stops or noisy engines.

This isn't just a yacht — it's a statement.

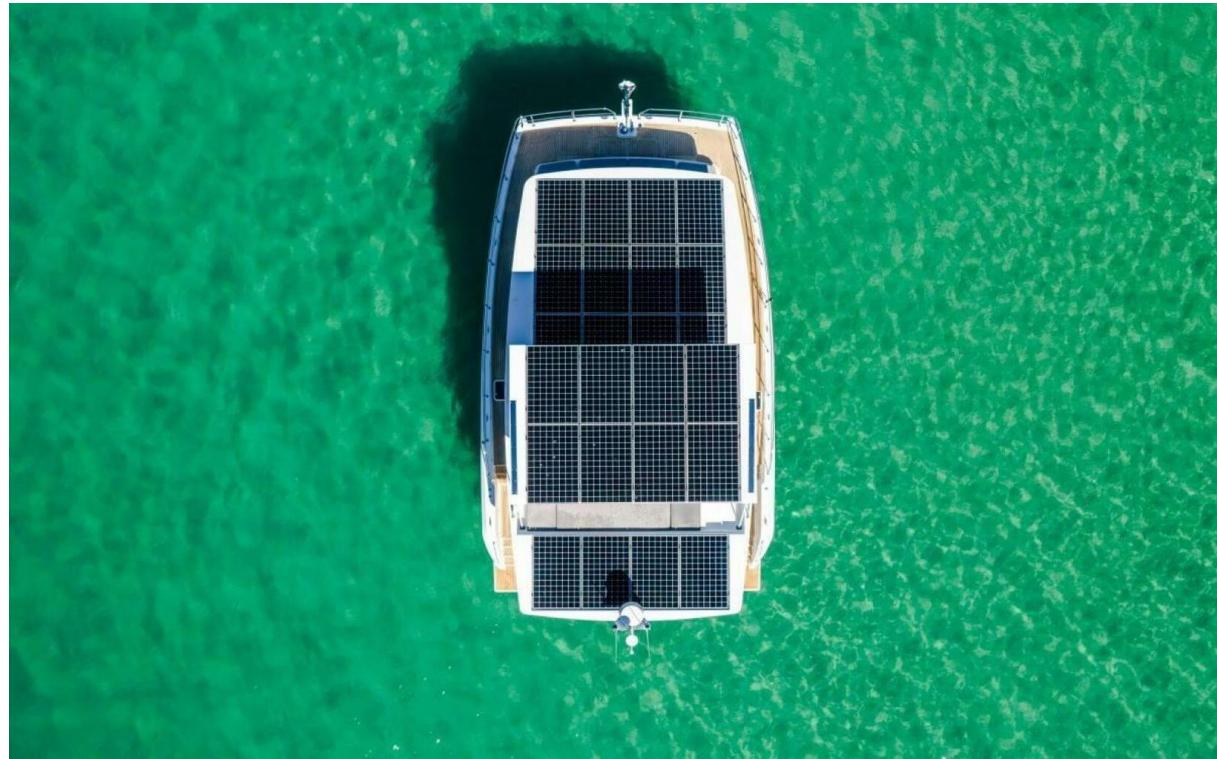

This is Sunpower living — where sustainability meets luxury, and every voyage is powered by possibility.

If you are in a hurry, we have one Sunpower 44 Vip available at our location in Broadbeach, Australia. It is a 2022 model, Hull #1 and will be sold with full factory warranties. Contact your Listing Broker for details.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by United Yacht Sales. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
