Summary / Description

Catamaran Racer-Cruiser

“The ultimate sailing experience—where luxury meets performance.”

History

Shortly after the launch of the Code C.69, Black Pepper unveils an ambitious new project: a carbon-built catamaran over 30 meters in length. Designed by the Yacht Design Collective, François Pérus and Romain Scolari deliver a striking design with sharply inverted bows. The subtly sculpted coachroof adds a refined touch, while the freeboard remains intentionally moderate. With its aggressive silhouette, this catamaran promises exceptional performances with the most luxurious comfort.

Options

- Air condition,
- Heating
- Soundproofing, insulation
- Solar pannels
- Watermaker
- Generators
- Electronics
