Generator 1 KW hrs	Generator 2 KW hrs

Summary / Description

Introducing McConaghy Boats MC63p Offshore

Lightweight, and strong with contemporary, progressive lines, the MC63p Offshore is the power cat of the modern era.

McConaghy's carefully considered use of carbon and precise hull forms and fixed foils makes for a particularly fuel-efficient vessel at her 20-knot cruising speed, yet the MC63p Offshore can achieve a top speed of 36 knots and offers a range of 1,500 nautical miles.

Three versatile interior arrangements are available, allowing for a three or four-cabin layout or an arrangement that positions the master suite on the main deck. Twin bunk cabins forward allow for the accommodation of crew, and McConaghy welcomes clients to specify their own cabin configuration.

Retractable glass panels flank the open-plan saloon and galley, and full-height bi-fold glass doors connect this dynamic social space to the aft deck. On the port side, a spiral staircase leads up to the flybridge.

Interior styling comes from m2atelier, an award-winning studio with extensive experience in both large custom yachts and the production sector. Their attention to detail and innovative storage solutions that allow for living space to be maximized, making the MC63p Offshore a mini-superyacht with luxury and performance ability perfectly partnered.

The MC63p Offshore carries her tender on an aft cradle, deployed and recovered by a hydraulic lift system. A tender or water toys can also be stowed on the foredeck.

VIYB Ltd is pleased to assist you in the purchase of this vessel. This boat is centrally listed by Troyer Yachts. It is offered as a convenience by this broker/dealer to its clients and is not intended to convey direct representation of a particular vessel
