Fuel: Diesel		Fuel: Diesel	
Location:		Location:	
Generator 1 KW hrs		Generator 2 KW hrs	

## Summary / Description

### Discover McConaghy Boats MC68 - Semi-Custom-Multihull

McConaghy draws from their 50 years of yacht building excellence, as well as a storied history in creating some of the world's best-known and best-performing race boats to bring their multihull cruising collection. McConaghy is proud to introduce their line of cruising multihulls, created in collaboration with world-leading designers.

Featuring clean lines, apartment-style living, and overall, an open and modern dynamic that simultaneously enables more comfortable cruising and better performance; a feat not yet achieved in any other line of multihull.

One of the largest models in the range, the MC68 shares much in common with the MC62, but with a crew cabin and numerous optional upgrades that make it a true 'pocket superyacht'. The extended aft deck and flybridge upgrade options allow the owner to make the most of these spaces and add their personal touch.
